

AccountMate Customer Referral Program

Earn a \$500 Amazon Gift Card

How does it work?

Simply tell a friend about the AccountMate Software and log your referral with AccountMate. After they purchase the AccountMate system, we'll send you a \$500 Amazon Gift Card for you or your office. The more referrals you make, the more \$500 Amazon Gift Cards you can get. No limit on referrals or gift cards.

How do I participate?

It's easy. Either you or your referral contacts us via our [website](#). The referral will receive a follow up from AccountMate or an AccountMate Solution Provider to answer their questions and help them make an informed decision. If your referral chooses to order the AccountMate system, you will receive a \$500 Amazon Gift Card.

How do I start the conversation with my referral?

No sales pitch required! If you know someone who is frustrated with their current accounting system or outgrowing it, ask them if they know about AccountMate. Tell them it's what you use and explain that you are part of the customer referral program to introduce it to new companies. You can also ask an industry friend if they know whether anyone at their company will be looking into a new accounting system.

Eligibility

You must be a current AccountMate Registered User. Your referral must be logged with our referral department at via our [website](#) prior to purchase. This program applies to new AccountMate system referrals after November 1, 2018. Gift card earnings totaling \$600 or more require the Taxpayer Identification Number. Other terms and conditions may apply.

Employees of AccountMate Software Corporation, Authorized Solution Providers, and Vertical Solutions Providers are not eligible to participate within this program. Void where prohibited by law.

Payment

A \$500 Amazon Gift Card will be emailed to the referrer upon meeting eligibility criteria and within 30 days of the referral's order date with AccountMate. The gift card has no cash value and is non-refundable and non-transferrable.
