APSPAYS Vault

The APSPAYS Vault is fully integrated within the AcccountMate software, allowing you to store customer payment credentials off of your own server for future use. APSPAYS Vault is a 100% PCI-DSS compliant gateway with many reporting tools for reconciliation. Use our tokenized protection and data encryption to further enhance your security.

Level 3 Rates

Level 3 processing allows you to receive discounted rates on Visa and MasterCard B2B transactions. The average small to mid-sized business **saves \$18,000 per year** by providing the comprehensive level 3 data requirements. APS Payments AccountMate integrations will automatically send the required data for you, to ensure quick payments at lower costs.

Every Business. Every Payment.
