

Powerful Financial Insights and Reports in an Easy-to-Use Dashboard

Simple BI from Nowsight is the fastest and easiest way to deliver business intelligence

Simple BI is the ideal way for small and medium-sized business to gain the insights of a Business Intelligence system, at a fraction of the cost of a highly customized solution.

Delivered by Nowsight, a leading provider of Business Intelligence solutions, Simple BI is integrated with AccountMate to provide easy-to-use and visual dashboards the deliver up-to-the-minute actionable insights.

- Pre-configured dashboards create easy-to-understand visualizations
- Works with your existing AccountMate system, pulling real-time data and delivering new insights you can immediately act on
- Smart goals show progress against your targets, based on where you are in the reporting period. KPIs that are always "red" until you hit them (usually at the end of the month) don't give you enough information to react/adjust while there is still time.
- Affordable monthly subscription with unlimited users, no recurring maintenance/upgrade costs.
- Powerful dashboard elements with click-to-drill-down functionality
- Free report writer to customize and create your own reports.
- Action Items module to track business-critical must-dos

Nowsight™

Easy-to-read dashboard graphics, show you where you stand against targets.
