

PRISM Sales Order Management System

Product Description

PRISM is a feature rich sales order management solution - perfect for clients in the showroom and on the road - available on Android, iOS, and Windows 8 Tablets. Its intuitive design ensures that sales reps can focus on liaising with clients.

EASE OF USE

PRISM was designed to ensure a pleasing user experience. The interface follows an intuitive path, leading to less frustration and reduced training time.

VISUALLY APPEALING

We made PRISM with good aesthetics in mind, making the sales order management process simple, to secure the confidence of your customers. Plus, our unique, customizable sales catalogue feature lets you fully showcase all of your beautiful products, in any way you wish.

CUSTOMIZABLE FEATURES

Virtually every aspect of PRISM can be customized to suit your needs, including product trees, background colours and sales rep status updates. And if you're looking for something extra-specific, we're always happy to chat with you about custom builds.

IMPROVED SPEED AND ACCURACY

Every moment is precious in business, especially at trade shows with thousands of potential customers. The PRISM sales management app helps your reps close the deal quickly. You can also pair PRISM with a Bluetooth® scanner for even faster results.

Company Profile

Barcodeapps, specializes in developing applications that deliver process improvement to help improve business processes and increase efficiencies for small to medium sized businesses in manufacturing, distribution, and retail.

We develop software applications for sales order management, and warehouse management focused on inventory control. Both of our primary solutions include barcoding as a main feature.
