

Founded in 1984, AccountMate develops and markets fully customizable business management software designed to meet the growing needs of small to medium-sized businesses. Systems range from single user versions to those that support over hundreds of users simultaneously.

AccountMate software is available for local installations or cloud deployment. It is distributed exclusively through a worldwide channel of authorized solution providers.

Thousands of companies have put their trust in AccountMate to deliver innovative business and financial management software solutions that answer their business challenges today and empower them for greater success tomorrow.
